THAT CONVENTION.

The assemblage of Democrats at Hardinsburg last Saturday is now an indication of what the old Democracy of Breckinridge county is capable of exhibiting when she's a mind to. The meeting was a rouser, and sent thrills of dismay to squadroneers around on the spot, who have already given it out that they intended to do us up on the first Monday in August. No organization of whatever character, having a political cast, can ever master together another body of intelligent, candid and fearless men of men as met at Hardinsburg last Saturday to espouse the cause of pure Democracy. We say it, and stick to it, for we have no other kind in our stock just now, thank you. The News was particularly gratified at such an outpouring. Along on the whirling breeze, have come utterances of discontent, and have emanated from our own party, but we are more than satisfied now that such were the vain whisperings of demagogues, and not the earnest utterances of honest faithful Democrats. No man who has the honest love for the administration of an honest government, conducted on plain and simple, can for one moment reject the principles offered by the Democratic party. The outpouring on Saturday last, attests one thing, and that very clearly, that there is still virtue in these principles and that the people are well tried and true, who are always ready for duty when occasion demands. Our friend, the enemy, may take a bit of warning. From now on, the Democrats will be kept rolling. In the midst of the fray will be found the young kids and old vets battling together for truth and victory. We need not dwell on the boys in line with assurance that the time is pregnant with mighty possibilities. But the harness on and never quit fighting until the gun goes down.

There were two Conventions held at Hardinsburg last Saturday. In the court house a thousand or more Democrats assembled to formulate and delegate to the chosen Representatives of a grand party of a Grand Commonwealth, another term of official tenure, while in another part of the town a few Republicans got together and resolved that they would like to get there if they could, but as things stood they couldn't so how it was to work out, and they adjourned to a more convenient season.

The latest death that has resulted from the mysteriously poisoned food at the Snook-Herr wedding at Lyndon, was the death of the groom, Mr. W. B. Snook, last Thursday. The wedding took place on April 15, and the Snooks and Herrs were both stricken down when they reached Cincinnati on their honeymoon tour. The bride is very ill. Mr. Snook's death is the sixth that has resulted from the poison.

One week from today there will assemble in Louisville one of the largest Democratic State Conventions held since the war. A more gallant or capable set of candidates never graced the political horizon than there are on the boards to-day, and to name a winner here, pruned the best wire pullers in the field.

The National Farmers' Alliance is rapidly being converted into a regular political unit. The President of the order has lately sent instructions to all sub-alliances to hold together and get ready for the great campaign of 1902. He says there will be 35,000 delegates, and he will be in the field to advocate Alliance principles.

President Harrison and party would after their tour over the states, and have returned to Washington. No doubt brother Harrison thinks that he is the only man in the country that can be elected President in 1902.

In the coming Legislative contest in this county all Democrats should stand by the nominee. Harmony and a general good feeling among all members of the party will certainly bring success.

SECRETARY Blaine it is said, will take a swing around the circle next fall. Probably he and Benjamin Harrison will then be able to decide who is in the lead in this Republican Presidential business.

Hon. John T. Carlisle will most likely preside at the State Convention.

Michigan and Ohio have adopted the Australian system of balloting.

A "Jack the Ripper" has again appeared in New York City.

\$100 Reward \$100.
The readers of the Breckinridge News will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only medicine now known to the medical fraternity. Catarrh being a constitutional disease requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and securing health in doing its work. The proprietors have no such faith in its curative powers, for they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Miss Flora Smith is visiting at Webster.

Mr. Percy Beard returned home last Monday.

Remember the Sunday School picnic next Saturday.

Mr. James E. Stone, Louisville, was in the city a few days last week.

Judge McBeath adjourned court last Friday evening until Monday morning.

Miss Shull, of Ohio county, is here visiting her daughter, Mrs. Frank Hawley.

Mr. C. H. Shields, an attorney from Louisville, was attending court here yesterday.

District Conference of the M. E. church South, will convene at Leitchfield next Wednesday.

Remember that you can get the very best and latest styles in millinery goods at Mrs. J. C. Sutton's.

The damage suit of Richard May against All Bowen, of Louisville, spent a couple of days here last week.

It is high time that there were some signs of the building of that new fence around the court-house.

Mr. J. W. Lewis, who has been attending court here, returned to his home at Brandenburg last Saturday.

Capt. Jack Trow is about the best hunter in an election in this county. When he goes in for a fellow you generally know he is there before it is over.

May, Horace Scott, Jubal Hook and Taylor Beard, were elected councilmen in the first ward, and Joe Busby R. P. Shacklett and John Holen for the second ward.

Rev. D. Davidson, the well known Baptist minister, is confined to his home by sickness, in Louisville, and it is feared that he will not be again able to resume his clerical duties.

On account of the Normal Session, which begins immediately after the close of the present school term, Prof. Shacklett will not be able to give a school exhibition next month.

Mr. W. E. Minor recovered a judgment in the Circuit court last week, against the L. N. & T. railroad company for one thousand dollars damages, for running their coal through his farm.

Some of the boys have just opened a large and handsome line of millinery goods. Every body, and the ladies especially are invited to call and examine my stock. Turpin House west side public square, Hardinsburg.

Sheriff Bligg brought five men here from Louisville last Saturday, who were charged with shooting into a passenger train near that place on the L. N. & T. railroad. They were put under bonds of \$100 each for their appearance before the next Circuit court.

The court-house needs painting badly. Why the court didn't let the contractor for the job at the same time the new fence was ordered is not understood. Some folks have an idea that the movements of the county party are slow anyhow.

Regular postal service has been established on the railroad between Irvington and Fortville. Mr. Meyer, of Elizabethtown, Ky., has been appointed clerk. This gives it regular service.

The Republicans held a Convention here last Saturday, to send delegates to their State Convention, which meets at Lexington on the 20th inst. The delegates from this place are: Clayton Bess, John P. Hawley and Mat P. Payne. From Cloverport, Amel Oels, Will Smith and V. B. Burton. The county is expected to elect delegates, but we did not yet get those named in the other districts. The delegates go uninvited.

Dental Notice.
Dr. W. B. White, dentist, will be in Cloverport on the 9th, 10th, 11th, and 12th, of May to do dental work.

The Democratic Convention held here Saturday was largely attended and the crowd a very enthusiastic one. Perfect order prevailed. Brown received first instructions for Governor, Hardin second, then received first instructions for Attorney General. Norman first for State Auditor.

The boys of this town played a game of base ball against the Garnettsville boys last Saturday. The game was very interesting, and the score stood, according to the Garnettsville score, to 20, in favor of the Garnettsville. The features of the game were Bert Moreman's home run, and Harry Tread's catch of a long fly in right field. The juniors put up a good game. They will play another game soon.

Messrs. W. S. Drury and Henry Head were appointed delegates from this District to the State Democratic Convention by the County Convention, which was held in Hardinsburg Saturday.

"Squires" Dowell and Drury, Wednesday, left the contract of removing a new bridge and building one new from bridge to Mr. Geo. Meyer, of Rosetta, for a little less than \$25.

Don't forget the opportunity that will be given you Friday and Saturday May 8th and 9th at the Cash Store, Bewleyville, Ky., of selecting Clothing of a Wholesale Merchant. Come and make a selection and save your money.

Mr. H. you carried your wool over to Hampton and get 20c, one cent over what he can sell it for if he gets the highest market price, but then you paid him \$2.00 for that ladies tail, so he could have sold at \$1.50; one pair Ladies' Shoes \$2.00, worth at the Cash Store \$1.50; 15c for black Organdy, worth 12c at the Cash; 40c for Henrietta, 28c at the Cash; 7c for a Corset, worth at the Cash 5c. But you have been buying here on tick, and I guess your wool went as a credit on your account and the goods as a debit. You had much better borrow the money at 10 per cent. If you can't get it for less, come to the Cash to do your buying. You will save on the amount of goods you buy, save \$80 in a year at least. CASH STORE.

THE REFUND OF CHINA TO RECEIVE EX-SICILIANER HILL as minister to the country created quite a surprise among Republican leaders at Washington.

The Courier-Journal of yesterday contained a dispatch to the effect that Ex-Governor Thos. T. Crittendon, of Mississippi, was arrested at Kansas city, and what the physicians pronounce a fatal illness.

THE UNTRIED

AT HARDINSBURG LAST SATUR-DAY.

A Grand Day For Democrats—A Big Assemblage And a Harmonious Meeting.

ALL HAIL THE POWER OF DEMOCRACY.

John Young Brown An Easy Win-ner, With P. Wat Harlin Second.

The Democratic mass meeting at Har-dinsburg last Saturday was by far the largest assemblage of Democrats that has gathered at the county seat in many years. There were many reasons for the interest shown in the meeting, and the prominent Democrats being on the ground. The prominence of the candidates for the various state offices, and the personal popularity of many of them with the people, and the fact that the county seat was a (r. d.) work up an interest, and all those who had a hand in the field for any of the offices, made it a point on last Saturday to go to the county seat and put in his vote for that man.

The two leading candidates for the Governor's office, in this county, were Hon. John Young Brown and Hon. P. Wat Harlin. A week before the con-vention assembled it was evident that the interest in these men particularly was warming up, and that each of them were going to have lots of friends on the ground day the County Convention met. And such was the case. Long before the hour for the meeting of the Con-vention the Democrats began pouring in to the county seat, and by two o'clock it was estimated that there were a thousand or more stalwart, true Democrats on the ground ready for the fray. At one time it was thought that the Harlin men would outnumber those for Brown and carry the county, but when the spec-ial train arrived, bringing in the dele-gation from this city and other points above here, it was almost a fact to be believed that Mr. Brown would carry off the instructions. There were two well filled coaches carrying about three hundred men, and every mother's son of them were for Brown. When they marched into town from the depot, they reminded one of a small army. Mr. Harlin's friends were not so happily provided for, as the Brown men, and had to take it in wagons or on horseback to the county seat, and in consequence many remained at home, who perhaps would have turned out, had they had a special car put at their service, for reaching the county seat. While the fight was pretty hot all along between the two leading can-didates for Governor, there was no ill feeling among the friends of either. The Convention was very harmonious and every one appeared perfectly satisfied over the final result.

At two o'clock chairman Severs rapped the assembly to order in the court room. The first here was so great that it was at once evident that the court room would not hold one-half of the people, and Mr. Severs adjourned the meeting to the court house yard. Evidently then the struggle room to spread, and as soon as could be restored, a motion was made to elect a permanent chairman of the Convention. Two nominations were made for this honored position, viz., Hon. R. F. Beard and Judge J. A. Mur-ray. Judge Murray received the largest number of votes and was declared elected and escorted to the chair. The Judge accepted the honor with a great speech of thanks and then declared the Con-vention in order for business.

Mr. C. C. Richardson was made perma-nent secretary, with Jno. D. Babbages, assistant.

The secretary read the call and upon motion of Mr. Stewart, the chairman re-quested all persons not entitled to vote to refrain from voting. The following resolution offered by Mr. J. E. Stone, was adopted:

Resolved, That the chairman of the Con-vention be and is directed to appoint a committee of five, who are to select nine delegates and nine alternates to attend the State Convention at Louis-ville, on the 15th inst. Said delegates and alternates to be selected from differ-ent precincts of the county, as quickly as may be.

W. D. Holt offered the following resolu-tion, which upon motion of Hon. Tio Jolly was laid upon the table:

Resolved, That the delegates from this county go to the State Convention in-structed as to candidates for any State office, except Governor and Attorney General.

The chairman appointed the following committee to select delegates, viz: A. J. Gross, Milton Bond, Richard Owen, Ken Wathen and W. N. Drury.

The nominees were next in order, and Judge Groves presented the name of Hon. John Young Brown, which was re-ceived with tremendous applause by the Convention.

Judge Milton Bond nominated the Hon. P. Wat Harlin, which likewise was a deafening cheer from the un-tried.

Mr. Felix Monroe, in one of the best speeches of the Convention, seconded the nomination of Mr. Harlin.

R. R. Murray presented the name of Dr. Chas. W. H. Holt that of Mr. Clay, when the nominations for Gov-ernor closed.

The chair then announced that those favoring Brown take their positions to the left, and those favoring Harlin to the right. It only took a few minutes to decide the matter, as a regular stampede was made for the Brown side. The Harlin men saw at once that their man was defeated, and on motion the nomination was made unanimous for Brown, and then a ray went up that almost shook the court-house.

Mr. J. E. Stone nominated Mr. M. C. Allard for Lieutenant Governor, which nomination was opposed by Capt. Gross, and the Convention decided to pass it.

A motion to make no further nomi-nations was tiled.

V. G. Ballage prevented the name of Hon. W. J. Hendrick, for Attorney General; Judge Mercer, that of Hon. John S. Rhea, and J. E. Stone, that of Mr. Gillert.

Hon. Will Miller seconded the nomi-nation of Hon. W. J. Hendrick in a warm and enthusiastic speech for his friend.

Judge Bond seconded the nomination of Mr. Rhea.

The nominations here closed, and Mr. Hendrick was made the unanimous choice, with several instructions to Mr. Harlin.

Judge Holt again offered his resolutions to close nominations, which was prompt-ly tabled.

W. K. Harrow put in nomination Mr. Barry South, for the office of Treasurer, and Mr. Stone, that of Mr. Hale, who re-ceived the nomination.

Capt. A. J. Gross nominated Chas. S. Green, for Auditor, Hon. W. E. Minor, Mr. Blackburn, J. E. Monarch, Mr. Nor-man and Mr. Stone, the Hon. R. C. War-ren, of Lincoln. A vote resulted in the choice of Mr. Blackburn, with second instructions to Mr. Green.

Rev. R. C. Overstreet was the unani-mous choice of the Convention for Super-intendent of Public Instructions. E. Porter Thompson receiving second in-structions.

Mr. Addams received the nomination for Clerk of the Court of Appeals.

On motion of W. E. Minor the resolu-tion by which the convention refused to name Hon. M. C. Allard as their choice for Lieutenant Governor was rescinded and the delegates instructed to cast the vote of the county for him as their choice.

The following is a list of delegates with their alternates as reported by the committee and ratified by the Conven-tion.

DELEGATES.
A. J. Gross, F. Frade, Milton Bond, S. McMerce, Henry R. Head, W. N. Drury, R. C. Richardson, W. E. Moore-man and John Alexander.

Death of Wm. Hayden Webb, Esq.

The death of this gentleman occurred at his home, 1111 Jefferson Street, Louis-ville, on the 29th, ultimo. Wm. Hayden Webb was born and raised on Long Lock, in this county, and lived on a farm in that neighborhood for some years after he reached his manhood. He then removed to Cloverport, and was engaged in busi-ness here principally in tobacco, for a number of years, when he made another move to Louisville, where he has resided for more than ten years. He was a successful man, and has acquired a hand-some fortune. He leaves a widow and one daughter, Mrs. Rena Graham.

We regret the friends of Mr. Webb have not furnished us with fuller particu-lars of his life and an account of his death, so that we could give our readers a more extended notice. He was well known throughout the state, and had a large circle of warm friends.

Wheat Prospects.

CHICAGO, April 26.—The Farmers' Review says: Since our report of April 1, based on returns of March 29, there has been a great change in the condition of winter wheat. In all of the States covered by our inquiry the recent rains have materially advanced the prospects of the crop. This improvement has averaged 71 per cent. on all the States, Kansas showing the least gain and Illinois the greatest.

In Illinois, the warm rains have improved the prospects 17 per cent. estimating on an average crop. In many sections no spring wheat is sown, but in those counties where it is grown, seeding is well along, except in some of the more northern counties.

Reports from fifty correspondents in Indiana show a gain of 3 per cent. in the State. Seeding of spring wheat is well advanced.

Ohio shows a gain of 7 per cent. on condition, reports being received from sixty-one correspondents. Very little spring wheat is sown in the State and that little is nearly all seeded. Michigan nearly keeps pace with Ohio, showing a gain of 7 per cent.

The work of seeding spring wheat has not yet begun at the time of this report. Kentucky shows a gain of 10 per cent., no spring wheat of consequence is sown in the State.

The improvement in Wisconsin in the last thirty days amounts to 4 per cent. The seeding of spring wheat is not yet begun, except in a few localities.

A gain of 10 per cent. is reported from Iowa, three counties only reported any low from winter killing. The seeding of spring wheat is in progress in Iowa.

Missouri has gained 1 per cent. in condition. From fifty-two counties come flattering reports of the prospects of an immense crop. Nine counties report a loss during the season of 8 per cent. on an average, most of this being due to the Healden fly.

From fifty-one correspondents in Kansas gratifying reports are received. Sixty counties report a loss of 7 per cent. from the fly, from the dirt blowing off and leaving the seed bare and from other causes. The seeding of spring wheat is in progress, fairly, but very unevenly.

From the reports of our correspondents we summarize by States the present condition of condition compared with an average as follows: Illinois, 161 per cent.; Indiana, 105; Ohio, 107; Michigan, 98; Kentucky, 103; Wisconsin, 104; Iowa, 103; Missouri, 101; Kansas, 100.

Do Not Suffer Any Longer.

A Remarkable Combination.

Prince George Victor of Waldeck was married to Princess Louise of Schleswig-Holstein-Rendsburg-Glücksburg, at Ashton Louisa, on the 10th inst. The groom is 61 and the bride 32. It's a remarkable combination, both in the matter of age and name, and it is probably quite as well that it should be confined to one family.—Louisville Post.

MOOREVILLE.

Health generally good.

Miss Jennie Mallam, of Little Dixie, was in town last week.

We are having nice, pleasant weather, and farmers are pushing their work with a vim.

We are glad Spring has come; we like to see the gooseberry-blossom. It means anticipation.

Mr. Eddie Claycomb, of Concordia, came to town Saturday evening, and attended the entertainment.

Miss Theresa Brown and brother, Richard, of near Pineville, were circulating among friends here last week.

We can boast of a good school at this place. Miss Lafe is a most deserving and popular young lady, and her services as a teacher are appreciated by all, we wish her a life of supreme joy and success.

There are more children in Mooreville who ought to be in the school-room. Parents can do nothing better for their children than to give them the advantage of a practical education.

A few evenings past a number of our young folks gathered at the residence of Mr. and Mrs. J. D. Cunningham's, and passed a few hours very pleasantly. Vocal music supplied by Misses Laura Elder and Julia Cunningham, was the principle source of enjoyment.

Miss Etta Parr, one of our most refined and cultivated young ladies, is visiting in Cloverport this week, and doing some shopping.

Rev. Mr. Burch, of Henderson, preached his first sermon last Sunday at the Cunningham school house, to a large audience who were favorably impressed. Among those from a distance in attendance were Mrs. Laura Flannery and Mrs. Sallie Owens, of Wolf Creek.

Mr. Joe Burch, of Bowling Green, and Mr. Victor Burch, of Elizabethtown, are visiting relatives and friends in attendance.

Mr. Chas. Kaufman, of Hanesville, spent several days in our town last week, and is as genial and polite as ever.

Miss Mattie Hicks has just received an entire new stock of millinery, and her well known name is a guarantee.

The social entertainment given at the residence of Mr. and Mrs. T. W. Stiff, last Saturday night was a successful affair. The elevated tone of our community has long since eliminated the dance as a factor in social privilege.

Mr. Chas. Kaufman, of Hanesville, spent several days in our town last week, and is as genial and polite as ever.

There are no by-laws now to be observed. The girls live in hope; there's no telling where the matrimonial ball will strike, and some tokens may "swoop-out" a sweetheart for them yet. When the right fellow does come, and he's there to be his for "better or worse," they'll yank him in.

That Terrible Cough

In the morning, hurried or difficult breathing, rising phlegm, tightness in the chest, tickling, phlegm, chilliness in the evening or sweat at night, all or any of these things are the first stages of consumption. Dr. Acker's English Cough Remedy will cure these fearful symptoms and is sold under a positive guarantee by G. W. Short, Cloverport, Ky., and Witt & Mesler, Hardinsburg, Ky.

Growing in Favor.

From all parts of the State comes the good news that the new constitution is rapidly growing in public favor. The opposition to it heretofore expressed was for the most part the result of blind prejudice created by the one-sided arguments of interested parties. Now, however, the true judgment is in the hands of the people, and they are reading and forming their own judgment. The result is gratifying, but it is not remarkable. The many advantages of the new constitution are self-evident to all clearheaded men who read it. The fact that it is a people's constitution and is especially drawn to protect them from the grip of corporations and monopolies is becoming apparent as soon as the new instrument is read. This is the reason it is being received with enthusiasm from the Big Sandy to the Mississippi. The press of the State are daily noting the growth of the new constitution and expressions like the following from the Paducah News are being published all over the State: "Each succeeding day new constable of people who were at first disposed to vote against the proposed new constitution dissenting from the gang of trusts and monopolies who are trying to defeat it, and joining the host of voters who declare the organic law is good enough for them and they propose to vote for it."—Louisville Post.

The Farmer's Alliance to Put an Army on the Stamp in the Coming Campaign

New York April 29.—President Felt, of the Farmer's Alliance, has issued a proclamation to the order, in which he sets forth the plan of campaign which the National Executive Board has adopted, and counsels the anti-bullies to cease internal bickering and to get rid of disloyal members. The plan of campaign consists of a system of lectures, by which an army of 50,000 lecturers will be sent to the States. It also stated in the proclamation that arrangements are being made for the holding of two or more grand Alliance meetings during the year, or as many more as the brotherhood may desire.

MAY CROP REPORT.

OFFICE OF THE COMMISSIONER OF AGRICULTURE, HORTICULTURE AND STATISTICS, FAYETTEVILLE, Ky., May 1, 1891.

Reports from reliable correspondents all over the State make substantially the following report as to the crops mentioned:

WHEAT.

The average condition of wheat last year has not been determined, but will be given June 1st. The stand was remarkably good, and all wheat fields present a better and more uniform appearance than for years past. The seedling was finished in reasonably good time. The winter has been favorable to its growth, and no hindrances have occurred to delay its growth, and up to this time, insect pests are complained of except in a few localities in Western Kentucky, where some complaint is made of the Hessian fly. It is very stalky, green and vigorous, and no fall is now in sight.

A season like the past, but taking it all together, a better prospect has never been known in the State at this season of the year. Average condition, 110.

RYE.

The condition of rye is 105 on an average; the acreage, as compared with last year, will be given June 1st.

GRAIN.

The continuous rains of the spring, and the recent open weather, have all combined to make the grain grow good and tender as could be desired. Spring sown clover has generally made a splendid stand, and at this date was never more promising. Yearling clover was never better. Timothy meadows are 102 in condition.

CORN.

Corn planting, by reason of excessive rains in March and the early part of April, is about eight or ten days late; but planting is not all over, and will be complete in a few days, except that which is intended for late use. There has been a great scarcity of good seed corn; but the high price will, no doubt, stimulate a large acreage.

OTS.

The acreage in oats will be very small compared with a favorable season. The seed were scarce and high, and could not be generally sown until too late to warrant good results, on account of the wet condition of the ground. Consequently, we may expect a small acreage.

TOBACCO.

I can say nothing as to this crop, except the fact that many beds are now late; but I hear no complaint of seed not coming up. There has been a large amount of seed sown, and the weather conditions have been favorable so far. I distributed from this office a large amount of seed, and have had no complaint of them not coming up. Of course the future can only determine as to the outcome of this as well as other crops. I propose each grower to give reliable data as to crop conditions, together with comparative acreage as the season progresses. I have about twelve hundred correspondents located in every Magisterial District in the State, and will make every effort to make my report reliable.

FRUIT.

The prospects for fruit of all kinds was never more flattering.

GARDENS.

There has been a great scarcity of garden seed, but notwithstanding, there seems to be a great desire with the people to increase their efforts in this direction, and, with a favorable season, we will have no cause of complaint.

The land has generally broken up rather tough—on account of the want of snow during the winter—and the amount of plowing done to date is only 80 per cent. of last year.

STOCK.

Stock of all kinds are in splendid condition, while ordinary food has been scarce. The spring grasses have come to the rescue, and very little complaint is made of any disease. Very respectfully, CHAS. Y. WILSON, Commissioner.

No useful experimenting further when "C.C.C. Certain Chill Cure" is given.

Small Boy—Grandpa, the robins are singing this morning. Is that a sign that spring is here?

Grandpa—No. It's a sign that robins don't get no sense.—Good News.

A Very Costly Comma.

There is scarcely a nation of congress in which bills are not found to contain mistakes in orthography or punctuation, says the Philadelphia Press. The only wonder is that many more do not occur, when it is remembered that all such work near adjournment is performed under extraordinary circumstances. All is haste, noise and confusion. Rest or sleep is unknown, and the night hours and nights in succession. The clerks become nervous, and some times wholly exhausted by the intense strain and prolonged physical labor.

Probably the number, and apparently most insignificant of all such blunders was the most expensive one of the kind ever made. It occurred in a tariff bill passed twenty years ago. There was a section enumerating what articles should be admitted free of duty. Among the many articles specified were "all foreign fruit-plants," etc., meaning plants imported for transplanting, propagation, or experiment. The enrolling clerk, in copying the bill, accidentally changed the hyphen in the compound word "fruit-plants" to a comma, making it read, "all foreign fruit, plants," etc. The consequence was that for a year—until congress could remedy the blunder—all the oranges, lemons, bananas, grapes, and other foreign fruit were admitted free of duty. This little mistake, which the most careful man might easily have made, cost the government about \$2,000,000.

A Beautiful skin, bright eyes, sweet breath, good appetite, vigorous body, pure blood and good health result from the use of Dr. Witt's Sarsaparilla. It is sold by G. W. Short.

The Carbon Tipped Message.

A downy person who stood chatting at San Antonio, Tex., were treated to a most remarkable electrical phenomenon. At that time the elements had entered their most violent mood, and the electric fluid from the trolleys and telegraph wires, and blue and white flashes of fire were hanging wildly from the spires and over the city. Suddenly the carbon within the large globe hanging in the center of the room began to incandescence, and in a telegraph office, and the experienced ear of an operator, who happened to be one of the group, detected the fact that it was a veritable message being transmitted in the usual symbols. A notebook and pen were drawn and the message, which proved to be an Associated Press dispatch, was written out: it was the description of the Reform club banquet, and gave the speech of Mr. Cleveland in New York City. A telegraph and electric light wire coming together is supposed to have caused the phenomenon.—Exchange.
